

Please read carefully before using the ring sizing guide.

PRINT this page making sure to keep its original measurements!

In print properties, the resizing must be in Scale: 100%
(delete, if necessary, the tick from "Fit and Center").

Place your ring on the circles on the page. **Find the circle that is visible inside the ring.**
Preferably use a simple band.

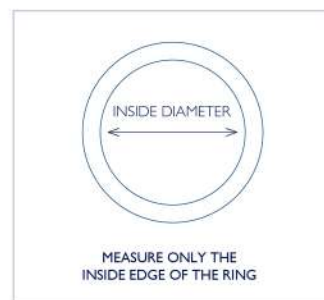

For an accurate measurement there should be no margin between the ring and the circle.

To check that the document has been printed in actual measurements,
check that the example below measures exactly 50mm or 2 inches.

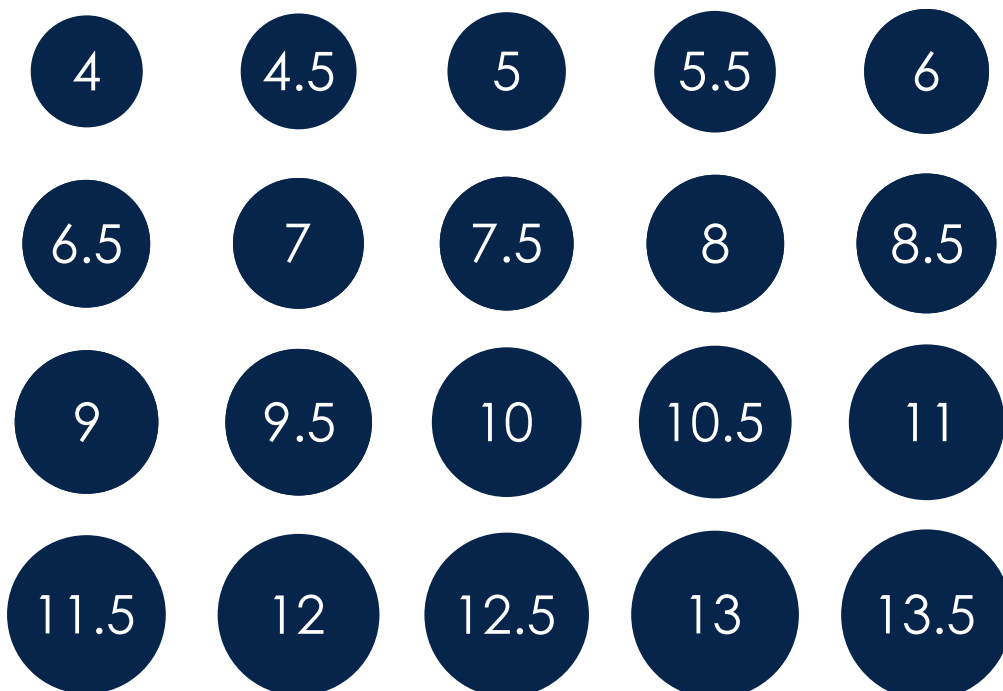

You can use a common ruler.

50 mm

2 inches

Do not place the ring directly on the monitor: the match would not be correct.

INTERNATIONAL RING SIZE CONVERSION					
US CANADA	UK Australia South Africa	France	Germany Russia Ukraine Asia	India China Japan South America Turkey Israel	Italy Spain Netherlands Switzerland
